THE OBJECT OF THE ASHFORD HOSPITAL APPEAL FUND

IS TO RAISE MONEY

FOR THE BUILDING OF A NEW HOSPITAL

to serve Ashford and 74 Towns and Villages

For over three years there have been from

45 - 80

approved patients waiting weekly for admission

The present Hospital CANNOT be enlarged for five reasons, viz.:

1. BECAUSE it is so planned that any addition would not allow of sufficient LIGHT and AIR to meet with modern requirements.
2. BECAUSE the remainder of the site is 16 feet below the present building and any additions would double the work of the Staff.
3. Because the expense of the required additions would be GREATER than the cost of an entirely new building of the size needed.
4. Because such extensions as are necessary would utilise the whole of the site and any further extensions would then be impossible.
5. BECAUSE the works of such enlargements would necessitate such restrictions during building that serious suffering and probably loss of life to the patients would be caused.

The Ashford Hospital Appeal Fund

was inaugurated in

October 1925

The response to its Appeal was so splendid that in

June 1926

Tenders were invited for the erection of the New Hospital

An estimate from Messrs. D. GODDEN & SONS, of Hamstreet, of £29,481/-/- was accepted, and works to the value of £20,940/-/- are well in hand.

It is now OCTOBER, 1926

and the Appeal Fund has reached

£15,143/2/9

The weekly waiting list of patients has not called in vain, but it is still calling to us all, and some of us have not yet responded.

The need grows still greater every day as the number of patients increases, and the remainder of the contract must NOT be delayed.

These figures are a wonderful record of sacrifice, and are worthy of Ashford and the surrounding districts. Let us see to it that it is even better in

OCTOBER, 1927

The public will be gratified to know that the present total of the Appeal Fund has been obtained by an expenditure of only

3.23%
